Mr. David Lambert
 Iredell County Solid Waste
 354 Twin Oaks Rd
 Statesville, NC 28625

Re: Continued Operation of Phases 1, 2, and 3 of the MSWLF Unit, Iredell County Landfill,
 Iredell County, North Carolina, Permit No. 49-03, Doc ID No. RCO2964 ← *duplicate doc. No.*

Re-issued doc. No. 6043

Dear Mr. Lambert:

This letter is in response to a letter dated May 16, 2007, prepared by Municipal Engineering Services on behalf of the County, requesting an extension, or modification of the existing permit to operate for the referenced municipal solid waste landfill. The survey information provided with the letter indicated that there is about 2 years of remaining disposal capacity in Phases 1, 2, and 3 of the MSWLF Unit.

The Solid Waste Section has determined that the current Permit to Operate issued March 13, 2007, approved the continued operation of the MSWLF unit as well as the operation of the C&DLF unit. The permit authorized operations until subject to review as per 15A NCAC 13B .0201(e) on or before July 1, 2008. The permit requires the permittee to submit an application to the Division for review and approval in compliance with the rules in effect at that time by February 1, 2008.

Therefore permit renewal is not required at this time and the Phases 1, 2, and 3 of the MSWLF unit may continue to operate until July 1, 2008, or until issuance of the Permit to Operate for Phase 4 supersedes the current permit. If there are any questions, please contact Jim Coffey at the Asheville Regional Office, phone number 828-296-4703.

Sincerely,

Edward F. Mussler, III
 Permitting Branch Supervisor
 Solid Waste Section
